Slider
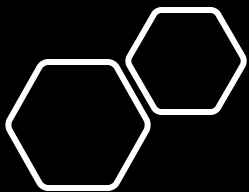

The Slider widget looks like a scrollbar. It supports horizontal and vertical orientations, min/max values and a default value.

File
my.kv

```kv
GridLayout:
    cols:2
    size_hint: 0.5, 0.2

    Slider:
        id: slider
        min: 0
        max: 100
        step: 1
        orientation: 'horizontal'
        size_hint_x: None
        width: 500

    Label:
        text: str(slider.value)
```
